Road construction

Instruction: “Today I have brought you a lot of material. You will find it on the side of our gym. Please form groups of 3 or 4 and then you can start to build the roads. Please also build crossroads and streets to your neighbours and to the middle of the gym. Create connections to the other streets. Come on, let’s start!”

Material: (wooden) building blocks, gymnastic mats, plastic stones, wooden boards, newspapers, beer mats, carpet tiles, ropes, sponges, ...

Keywords: creativity, social experience, material experience, orientation in space
